Chamber members have opportunity to stay connected with government officials

Business Connects with Government is a great way for the business community to stay in touch with our legislators. The Chamber appreciates those government officials (local, state & Federal) who have made a consistent effort to keep The Chamber and its members updated at the monthly Business Connects with Government Luncheon; a warm thank you to those who make it when their schedules permit, and a future word of thanks to all who continue to see the value of staying connected with The Chamber and its many business leaders and community advocates.
